

12A

Exercise

The table below shows a sample height of 100 learners out of a population of 911 learners for the morning session at Parklands Secondary School in the year 2020.

Height in cm	153-157	158-162	163-167	168-172	173-177
Frequency	9	23	35	27	6

Calculate

(i) An estimate of the mean
